MANIFESTO

To all of those who live with a passion
Who are thirsty for the moment
Who do away with compromises
Who get a buzz from sensations
Who share simple pleasures and crazy outings.

Let's follow our instinct.

Keep on believing in the thrill of spontaneity
Feeling alive when we embrace the wind and the elements
Taking responsibility for our sudden impulses and heart's desires
Refusing what's expected of us.

Let's escape from the everyday to better reconnect.

Let's be aesthetes and pleasure seekers
Let's be sporty and sociable
Let's stand up to moderation.

Let's go for the thrills of the Excess!

GENESIS

The world is changing. Generations of sailors follow one another, and their dreams evolve.

Our raison d'être is to constantly reimagine to make your dreams come true. Our trade is boatbuilding.

But it was time to innovate. We formed a team, talked about lifestyle, sailing, anchoring, watersports, seakeeping qualities, interior living spaces and materials.

The first sketches followed; the Excess brand was born.

THE SPIRIT

Buying a catamaran should no longer be restricted to choosing between comfort and performance.

We have reinvented the whole sailing experience. From the twin helm station aft and the vision and sensations it offers to the rig, the hulls, the life on board, the materials: everything has been designed to suit this new way of living on the water.

An Excess is a modern, aesthetic and efficient boat in line with your vision, your needs.

We wanted a catamaran that suits you.
